

PEOPLE DIALOGS

Development Dialogue
HR Enabling CN
July. 2024

Please note:

- The session will be recorded.
- The recording will be published on Teams.
- You can place your questions anytime in the chat.
- We will answer your questions in the chat or at the end.

01

Why People Dialogs?

Why People Dialogs?

A changing world requires new approaches to talent development

People and social needs

Global economic trends

Digitalization

1992

**New:
People
Dialogs**

2021

Outside-in: science and market

2022

Laboratories

- > 4.000 associates
- 24 labs worldwide, t/o 11 in Germany

2023

Extended pilot

- ~ 100.000 early adopters, t/o ~ 60.000 within Mobility sector
- > 40 countries & 40 GBs/entities

2024

Global rollout

Why People Dialogs?

Positive leadership is most supported by evidence-based research

Growth mindset

Neurons are constantly connecting through new experiences and behaviors.

It is efficient to focus not only on goals, but also on behavior.

Positivity

Facilitates development.

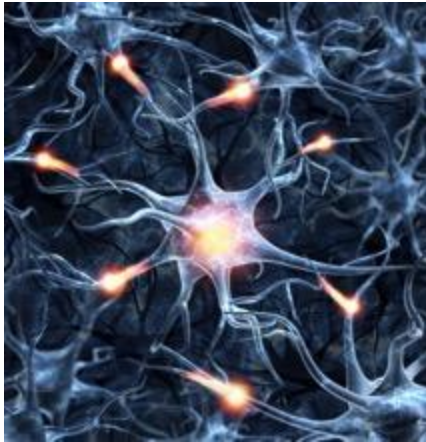

The productivity of positive project teams is 31% higher than the average!

Well-being

People perform best when they feel best

PERMA model describes factors, influencing people's perceived wellbeing

Strengths orientation

New connections are formed most quickly where there are already many others.

Working on weaknesses costs more energy and time.

Attention

We need it to feel safe, connected and comfortable.

Weekly interactions increase commitment, which also increases productivity by 13%.

Why People Dialogs?

How we implement findings of research at Bosch

- Empower high performance
- Learn fast
- Collaborate

Why People Dialogs?

Reinforcing performance culture with the new People Dialogs in the spirit of LEAD WORK WIN #LikeABosch

MARKET VIEW*

Performance is more than goal achievement

Positive association with high-performance culture

Intensified feedback loops

Simplified administration processes

PEOPLE DIALOGS

Focus on CONTRIBUTION:
Results | Collaboration | Learning

Includes celebration of successes, strengths and learning

Implementation of real-time feedback function

Reduced complexity, less routing steps, Improved UX Design, all-year editable

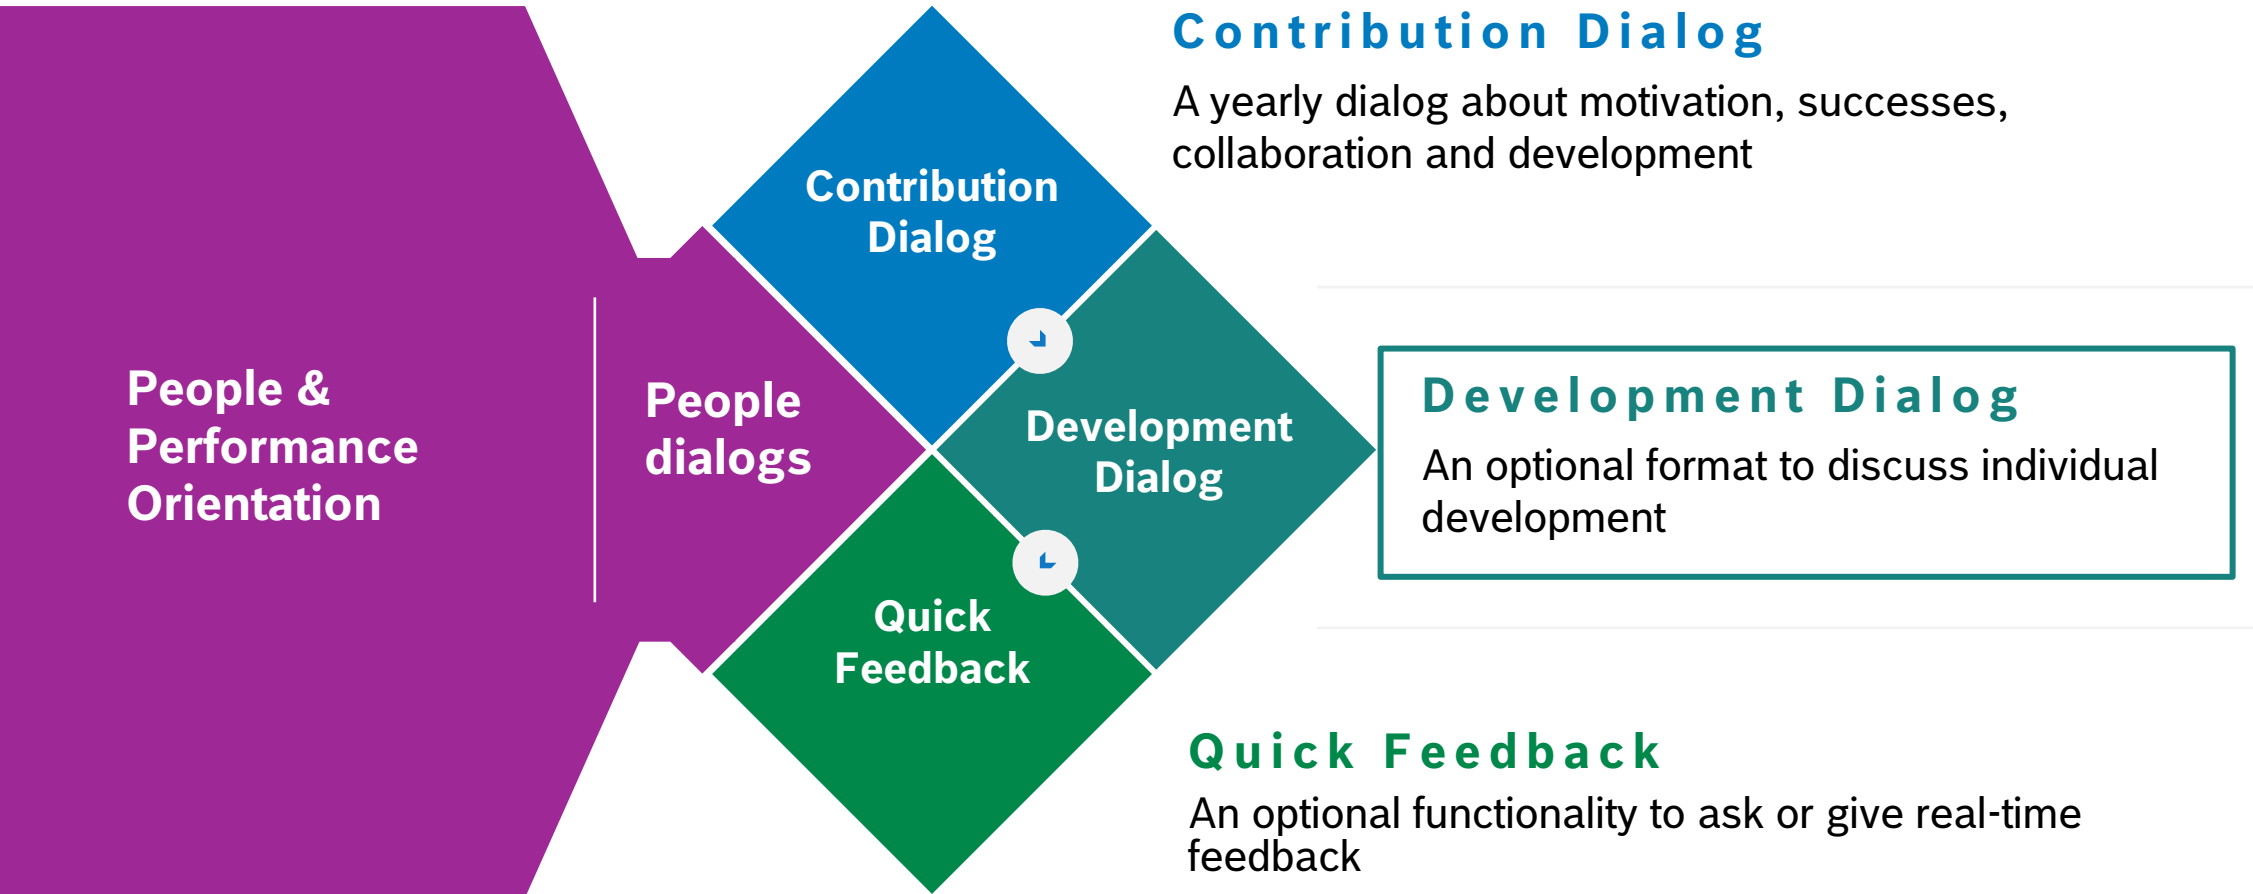

* e. g. Willis Towers Watson (WTW) Study "Performance Reset 2022"; McKinsey Global Institute "Performance through people: Transforming human capital into competitive advantage"; Kienbaum Study 03/2023

02

What is changing?

Why People Dialogs?

Discover People Dialogs with the new formats

What is changing?

Development Dialog

SIMPLIFIED PORTFOLIO

We consolidate all previous forms and use cases (CDD, CDD, Get-to-Know, IDD) in **one dialog format**.

We are consistent when we talk about personal development.

SELF-DETERMINED USE

We support associates to initiate, prepare and set up development dialogs **according to their needs**. We start the dialog, listening to their **dialog purpose**.

We encourage associates to take the lead of their development.

SWEET SPOT

We explore **associates' strengths and interests** in depth.

We find out how they can contribute best to **business developments and needs**.

We accelerate development and drive High Performance.

What is changing?

Development Dialog

HR Business Partner

- You **provide consistency** when talking about personal development
- You **provide a motivating dialog setting**, facilitating focus, strengths-orientation and a forward-looking discussion around business needs
- You **encourage associates to initiate and set up** development dialogs according to their needs

Associate

- You get **full control and flexibility** of the form and dialog setting, as you drive your own development
- E.g. you can initiate, create/edit the form, add dialog partners & documents to support self-reflection
- You set the expectation regarding the aspects you want to talk about, sharing your **dialog purpose**

Manager & Further Dialog Partners

- You encourage the associates to **take over responsibility of their own development**
- You as a Mentor, Peer,... can **support and coach the associate** and provide for multiperspectivity
- You **drive High Performance**, focusing on strengths & interests and their alignment with business needs

Development Dialogue_HR Enabling CN

Overview of our topics today

Why People Dialogs?

1

- Evidence-/ research-based approach
- Connection of People Dialogs with LEAD WORK WIN #LikeABosch and performance culture

What is changing?

2

- Elements of the People Dialogs
- Main changes compared to former Dialog formats as CDD, CAD, Get to Know, IDD etc.

What is like on HRG?

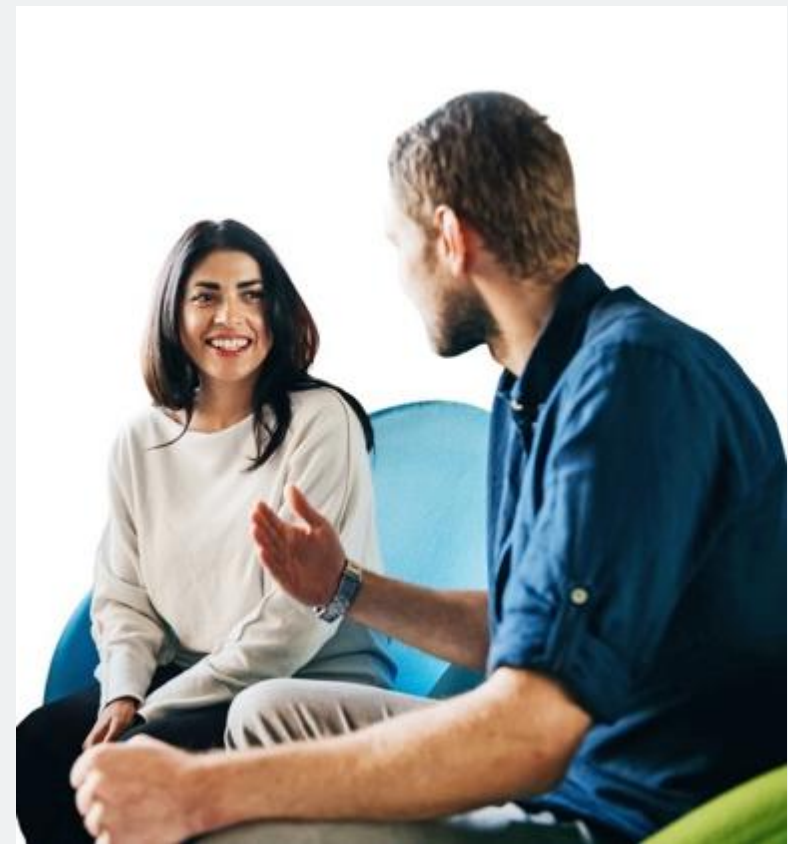

3

- Tool demo on HRG

Outlook

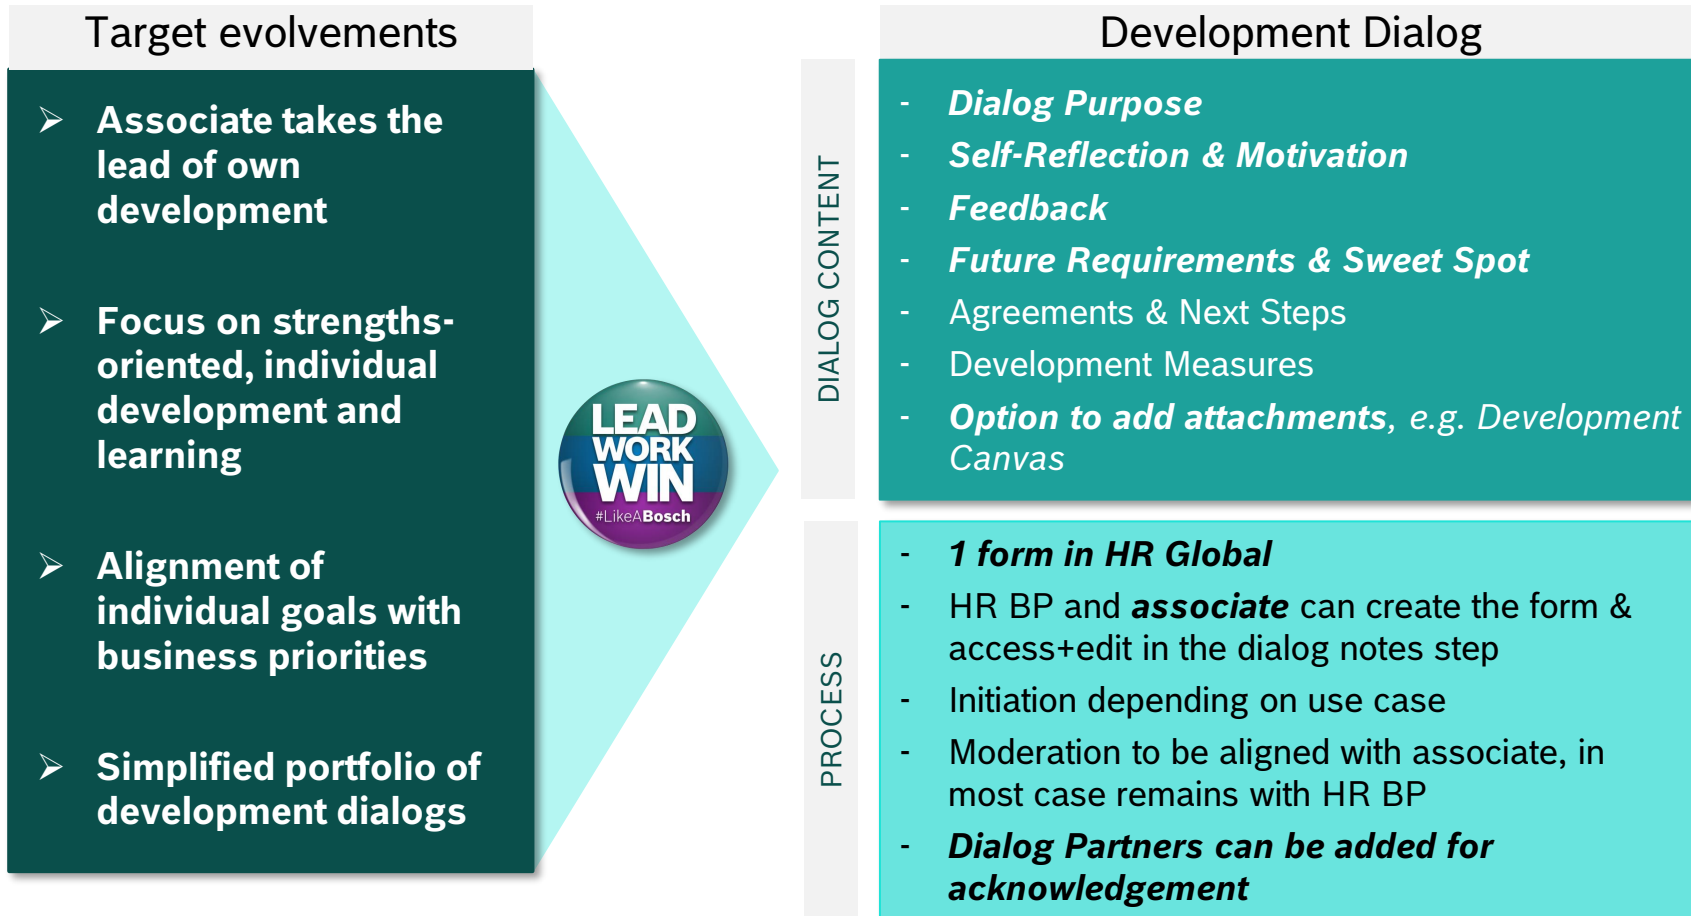

4

- What happens next – Roadmap
- Corporate Enabling Materials
- Role of HR BP
- Your Feedback on the rollout
- Questions

What is changing?

We foster individual development and people focus

BOLD = new enhancements

What is changing?

Development Dialog – the new form (1)

 Dialog Purpose	• What do I want to achieve during this dialog? • What topics are important to focus on?
Self-Reflection & Motivation	Describe your strengths and ideas for personal development. • What are my strengths and how can I utilize them? • In which topics have I focused my learning and development? ? • How do my personal interests and preferences influence my learning and development targets?
Feedback	Include the perspective of others in your reflection, such as their views on your strengths and recommendations for your personal development. • What feedback have I collected from my colleagues? • What have I learned from it? • As the dialog partner, I have identified the following as your top strengths and would like to provide you with additional feedback...

You drive your own development

- Define the **purpose of the dialog** and use the opportunity to discuss the **topics that are important** to you
- Depending on the purpose, **decide on your dialog partners**
- Use the sections and guiding questions as inspiration – no need to fill them all out!
- Focus on **your strengths and interests**
- Include the **perspective of others** in your reflection

What is changing?

Development Dialog – the new form (2)

Future Requirements & Sweet Spot

Reflect on how you can utilize your **strengths and interests** to make the **best possible contribution**.

- What requirements and changes are upcoming for my desired role and the business?
- Where do my interests and strengths overlap?
- What is my mobility?

Agreements & Next Steps

Define **specific actions** for your **personal development**.

- What are my next steps?
- What agreements did we make? Who can support me by when and how?

Development Measures

You drive your own development

- Take a future-oriented position and **align your individual goals, strengths and interests with business requirements**
- Define **specific actions** for your personal development

Development Dialog

Most important changes compared to CDD and CAD

	CDD, CAD		Development Dialog
DIALOG CONTENT	- Associate`s personal views & expectations / <b>Career Goals</b></li> <li>- Associate`s Individual Strength - Comments on possibilities for enhancing the employee`s individual performance/Development Opportunities		- Dialog Purpose* - Self-Reflection & Motivation* - Feedback* Division along perspectives: self and others
	- Suggestion for development/Possible Career Steps/Assignments - Actions planned - Development Measures		- Future Requirements & Sweet Spot* - Agreements & Next Steps - Development Measures
PROCESS	- Checkbox Mobility & Completion Career Elements - Only CAD: Checkbox Career Path, Development Indicator, Executive Talent Pool (ETP)		- No Checkbox in the form; to be filled out in the Profile in HR Global* - Possible to add attachments*
	- 4 forms in HR Global - Standard route map with access & editing rights: Target Manager & HRBP		- 1 form in HR Global Initiation depending on use case; Moderation to be aligned (mostly HRBP) - Standard route map: Associate* & HRBP - Dialog Partners can be added for acknowledgment*

* New enhancements

Development Dialog

Documentation & Follow-Up

Documentation of the Dialog

- There is generally **no obligation to document** dialog formats, except for the Development Dialog after Talent Pool admission (former CAD)
- **All fields are optional** and can be filled out need-based. Only fill in the relevant fields!
- Other documents, such as the Development Canvas, can be uploaded and saved in the form

Follow-Up on Development Measures

- The **Development Measures Module** can be used to follow up and adjust measures at any time
- The development measures are also **linked to the Contribution Dialog**
- In case of **major changes** and the need for additional documentation, **a new form** should be created

Development Dialog

Use Cases and Recommended Dialog Participants

Former dialog format (replaced)	Dialog purpose	Common dialog partners for associate	Typical inviters to the Dialog
CDD	<u>Coaching, sparring</u> and <u>career planning</u> for individual development	Manager(s), HRBP, mentor, project manager, etc	<u>Associate</u> or other dialog partner
IDD	<u>Peer Coaching</u> (e.g. in software area)	Peer	<u>Associate</u> or <u>Peer</u> (e.g. communicate the results of Peer Review Board. Since HR BP cannot be removed from standard route map out of technical reasons, the paper version could be better suited)
Get-to-Know Conversation	Get-to-Know each other <u>Coaching and reflection</u> of aspirations, strengths, motivation for Talent Pool,...	HRBP	<u>HRBP</u> , mostly as part of the Talent Pool nomination process
CAD	<u>Career planning</u> , focus on measures and next steps	Manager, next-level manager, HRBP, mentor, etc	<u>HRBP</u> or Associate (to be aligned with local HR), after Talent Pool admission

Across use cases, the purpose and focus of the dialog varies while the **core content remains the same**

Development Dialog

Use Case Talent Pool Nomination & Admission Process

Talent Pool Nomination

- HRBP and associate get to know each other | Coaching by HRBP
- Focus on sections self-reflection & motivation, feedback, future requirements and sweet spot

Optional to document | Former Get-to-Know Conversation

Self-Reflection & Motivation

Feedback

Content can be taken as preparation

Talent Pool Admission

- The first sections can be summarized and supplemented by the dialog partners
- Focus on **career planning**: the alignment of strengths & interests with business priorities as well as commitment of the next steps

Mandatory | Former CAD

Future Requirements & Sweet Spot

Agreements & Next Steps

Development Measures

Recommendation: **communicate the purpose and focus in the e-mail invitation** for the dialog

Development Dialog

Talent Pool Process & Options

Further documents
supporting self-reflection

	Participants	Process & Options
TP3 Current form e.g. PDD	Associate, HRE BP	The PDD remains an offer to support self-reflection for associates admitted to TP3. NEW: During the career planning dialog (former CAD), HRE offers associate the option to upload and digitalize PDD to Development Dialog.
	Associate, Managers, HRBP, HRE (TP3),..	Replaces CAD , remains mandatory
TP1&2 Updated central form available e.g. Development Canvas	Associate, HRBP	Replaces Get-to Know Conversation ; documentation remains optional . Options: 1. Document conversation in HR Global 2. (Only) upload Development Canvas 3. Don't document and offer associate to upload Development Canvas to Development Dialog

The **attachment function** offers flexibility to **digitalize further documents** used to **support self-reflection**

Development Dialog

3 Process Steps | Access, Edit & Approval Rights

Dialog Notes

HRBP & Associate*

- ✓ Both are in the **standard route map with same editing rights** (standard setting, not adjustable)
- ✓ **Create and delete** form
- ✓ Access & edit to **prepare and conduct dialog**
- ✓ Take notes, **add attachments**
- ✓ **Add dialog partners**
- ✓ Send to acknowledgment

Target manager is not part of the standard route map anymore but can be added as Dialog Partner

Acknowledgment

Dialog Partner(s)*

- Get access to the form (**Inbox**) to **view** and **acknowledge** if added as Dialog Partner during 1st step
- Last person added approves first

Hint: Decide whether dialog partners need to acknowledge the form. If not, just list the dialog partners at the beginning of the form, without adding them to the acknowledgment process.

HR BP & Associate

- **Associate always the last person to acknowledge**
- HRBP only acknowledges if added as Dialog Partner
- Access possible for both any time in the **“En Route”** folder

Completed

- HRBP, Associate & Dialog Partners can access the form in the **“Completed”** folder for **5 years**
- Other HRBP at the location can access form via Reporting (without attachments)
- No change regarding transfer to eAkte (country specific, for Germany no transfer)

As of today for CDD/CAD

Route Map: Dialog Partners => Associate => Completed

Recommendation: If HRBP sends form to acknowledgment, the associate should have a look at the content first to avoid change requests at the very end.

*New compared to CDD/CAD**

Outlook

People Dialogs – Rollout | Corporate Enabling “Materials”

For everyone

General information in [Docupedia](#) (will be updated and transferred to MyHR) incl. Handbook / Quick Guides*, preparation material

EnableMe tours and smart tips (HR Global)

[Awareness Video People Dialogs](#)

Process Explanation Videos for:

- [Contribution Dialog](#)
- Development Dialog *
- Quick Feedback *

Mindset Impulse / Image Video People Dialogs *

For managers

People Dialogs “Mindset Training” (mandatory) * (for ww in DE & EN)

- Why new people dialogs?
 - What changes?
 - How do the processes look like?
- Tbd: Need for local adaptation (language)?

People Dialogs “Tool Training” (optional) * (for DE in DE & EN)

E-Mail templates * for invitation to

- Contribution Dialog
- Development Dialog

For HR

Enabling nuggets (HR Enabling weeks, will be recorded) *

Updates, tips and hints in regular Consultation Hours *

People Dialogs Rollout information letter *

- CPE sends out to HR BP sends out to all associates

Contribution Dialog Kick-off letter *

- CPE sends out to HR BP sends out to all associates

Agenda draft for local People Dialogs Kick-off event *

People Dialogs Rollout

Role of HRBP – crucial for the success of the change of DD

Your tasks during rollout phase

July– August

- Plan communication, support and enabling activities (use central kits to adapt)
- Get fit in new formats yourself, cover mindset, process and tool perspective

**Starting
September**

- Communication and enabling plans at your location

**October
onwards**

- Launch new forms for **Development Dialog**
- Support associates and managers in the change – coordinate, challenge, enable, answer questions, reinforce messages, etc
- Campaigne/ team workshop designed to facilitate the change (recommended for LPE and BP)

People Dialogs – Rollout Planning & Best Practice

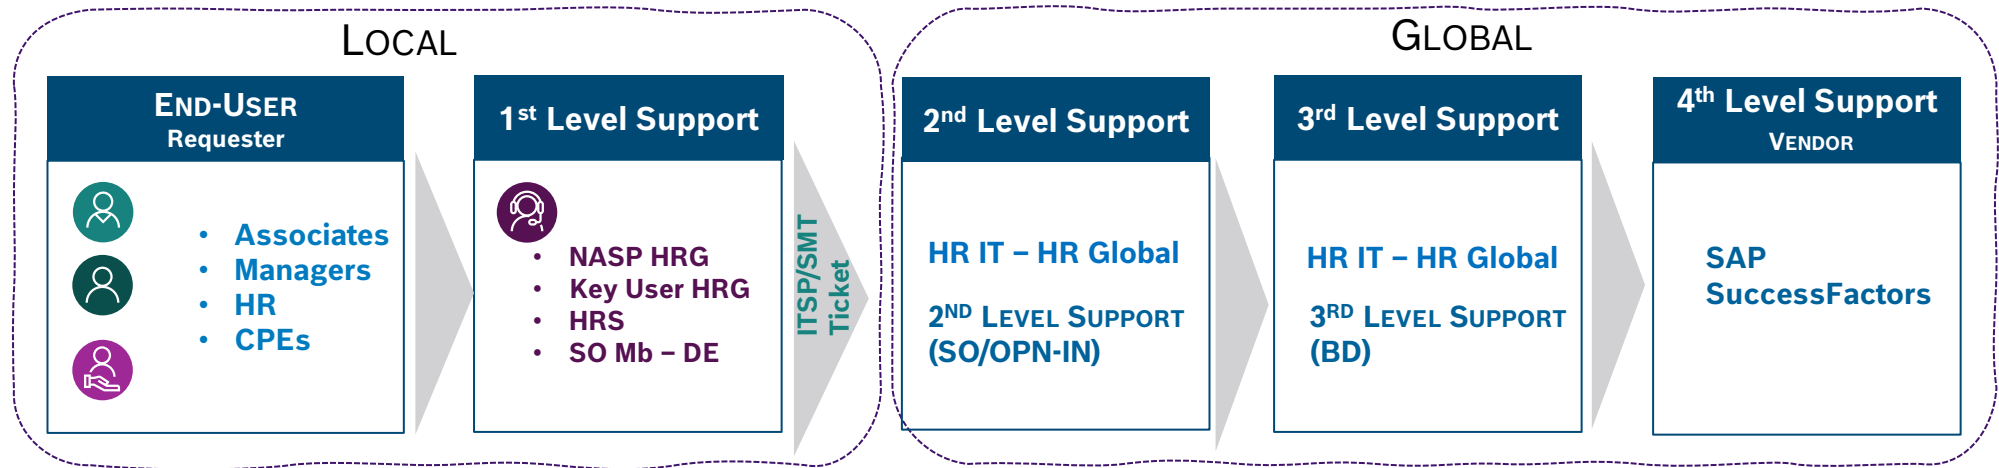

Transition phase – Development Dialog

Development Dialog

- The new Development Dialog form will be available **in HR Global as of October 2024**
- At around the same time, the current formats such as CDD, CAD and Get-to-Know won't be available anymore
- Recommendation to **schedule Development Dialogs towards October**, to benefit from the new format
- Like today, HR roles can launch, create and edit Development Dialogs

People Dialogs – Rollout Planning & Best Practice

HR Global Support Process / General Support Model

HRG NASP Role & Responsibilities when it comes to roll-out People Dialogs:

- Train/enable the First Level Support in your country to be able to support end users in case of questions in best way
- Provide feedback in case further technical enabling from central team is required

NASP involvement is crucial for a successful roll-out of People Dialogs !!!!
